Task #2

1. What is the main idea of the video? (sample answers)

Mining asteroids is something humans can do
We can stop mining the Earth once we start mining the asteroids
There is a way to mine rare elements without harming the Earth

2. What is that we take for granted, according to the video?

The progress and wonderful machines we have, like powerful computers
(<https://youtu.be/y8XvQnt26KI?t=9>)

3. What is being harmed by the mining industry, according to the video?

Biodiversity, workers and locals, (<https://youtu.be/y8XvQnt26KI?t=33>)

4. What are leftovers, according to the video?

Asteroids (<https://youtu.be/y8XvQnt26KI?t=64>)

5. What is becoming more feasible, according to the video?

Space travel (<https://youtu.be/y8XvQnt26KI?t=83>)

SAMPLE ANSWERS

1. Have you ever bought or done anything that was worthless to you? What was it?
How did you feel about it?

Yes, I have. Once, I bought a blender to make smoothies, but the blades wouldn't break the ice cubes because it was really weak. I felt like I threw my money away. It was horrible!!! =/

2. Have you ever spun around so quickly that made you feel unwell? What was it? What happened next?

Yes. I was at a party and I had a few drinks and my friends made me spin around with my head down. Then, when I looked up again, I had to run to the toilets

3. What do you do when someone is coming towards you looking at their mobile phone? Why do you do that?

When I see someone doing that, I stop in front of them to see what their reaction is. I think people shouldn't do that. That's why I try to get their attention

4. Are there any (or many) gravel roads in your home town/country? Where can you find them?

I think there are many gravel roads in my hometown, but I haven't seen them in such a long time. I guess you can find these roads close to farms or smaller towns

5. Have you ever had to have your car towed away? Why? What happened?

No, I haven't. But I know that a friend of mine had his car towed once because he parked his car in front of a hotel in the drop-off area!!!
